Dear Authors,

Congratulations on being named a 2020 winner of the IEEE Consumer Electronics Society Chester Sall Award for the Second place best paper in the IEEE Transactions on Consumer Electronics 2018.

Second Place Transactions Award:

"DSP design protection in CE through algorithmic transformation based structural obfuscation"

IEEE Transactions on Consumer Electronics,

volume: 63, Issue: 4, November 2017, pp. 467 – 476

The presentation of the award will be made at the Awards Luncheon for the 2020 ICCE Conference, <http://www.icce.org>, which takes place January 4-6, 2020, Tuscany Suites and Casino, Las Vegas, USA. We will inform you of the details of the day, time, and room number of the event relating to this award, soon.

Also, in order to process honoraria associated with Society awards, IEEE requires each awards recipient, for tax purposes, to provide a completed W-9 form for an award recipient living within the United States OR a completed W-8 form for an award recipient living outside the United States. Therefore, please complete the appropriate tax form (both are attached) and fax to (1 732 981 1769) to the attention of Liz Parascondola. Or you can scan them and send to the conference Coordinator, Charlotte Kobert by email at ckobert@ieee.org. This needs to be done as quickly as possible, as the conference is fast approaching. Please also let the coordinator know if you will be attending the Conference. If you will not be attending, please have someone accept your award for you and let us know who this person will be as soon as possible.

Please acknowledge by email that you have received this letter. Please also share this letter with your co-authors.

Sincerely,

R. Simon Sherratt

IEEE Consumer Electronics Society
